

Please do not transition K-LOVE to the LPFM format. This station is one of the few positive influences in our community. It has uplifting music and news reports that are told in a nonsensationalized and nonbiased format. It is one of the few ways that a nonchristian has of hearing words of encouragement in our world today. This station has lead many to Christ and has given strength and hope to those who would otherwise be hopeless. Please do not take this away from us by making K-LOVE a LPFM station. Thank you.
